

Melodies

Madison Beer

Whoa oh
Yeah Yeah

I hear melodies in my head
Find little notes in my bed
I've got songs tangled up in my hair
I see piano keys everywhere
My heart is a beating drum
Repeating my favorite song
I hear Beethoven number Nine
All the time

And it's kind of like do re mi
About as easy as a b c
Beautiful like a symphony
I'm talking about you and me here

I hear melodies in my heart
Hear melodies in my head
I was a little off key
Then you melodie me
And I'm better than ever
I hear melodies in my heart
Hear melodies in my head
I had the beat a bit wrong
But I got a new song now

So I put my headphones on
Plug into you, plug into you

Boy you're my favorite song,
Plug into you, plug into you
Whoa oh Whoa

You're so wrong that it makes you right
Keep me wide awake at night,
I can't sleep now I know you're around
I lie listen and singing every sound,
I love it when I hear your voice
Oh baby I don't think we really got a choice
Mozart is in the air and I'm right here

And it's kind of like do re mi
About as easy as a b c
Beautiful like a symphony
I'm talking about you and me here

I hear melodies in my heart
Hear melodies in my head
I was a little off key
Then you melodie me
And I'm better than ever
I hear melodies in my head
Hear melodies in my head
I had the beat a bit wrong
But I got a new song now

So I put my headphones on
Plug into you, plug into you

Boy you're my favorite song,
Plug into you, plug into you
Whoa oh whoa

I wake up in the middle of the night,
I can't stop all the melodies that
I hear melodies baby
I hear melodies all the time
And I'm about to go crazy,
I keep on singing about you
'Cause see baby you're my melody,
And I, I hear melodies in my head

I hear melodies in my heart
Hear melodies in my head
I was a little off key
Then you melodie me
And I'm better than ever
I hear melodies in my heart
Hear melodies in my head
I had the beat a bit wrong
But I got a new song now

So I put my headphones on
Plug into you, plug into you

Boy you're my favorite song,
Plug into you, plug into you
Whoa oh whoa

I put my headphones on
Plug into you, plug into you

Boy you're my favorite song,
Plug into you, plug into you
Whoa oh whoa
