

# Hey You

Madonna

**D**

1. Hey you

**Dsus2 D Dsus4 D**

Don't you give up

**Dsus2 D Dsus4 D**

It's not so bad

**Dsus2 D Dsus4 G**

There's still a chance for us

**D**

Hey you

Just be yourself

Don't be so shy

There's reasons why it's hard

**C**

**G**

R1: Keep it together

**D**

You'll make it alright

**C G D**

A celebration is going on tonight

Poets and prophets

Would envy what we do

This could be good

Hey you

2. Hey you

Open your heart

It's not so strange

You got to change this time

Hey you

Remember this

None of it's real

Including the way you feel

R1: Keep it together

We'll make it alright...

**C**

\*: Save your soul

**F**

Little sister

**C**

Save your soul

**F**

Little brother

**F**

Hey you

Save yourself

**B**

**F**

Don't rely on anyone else

**C**

R2: First love yourself

**F**

Then you can love someone else

**B**

If you can change someone else

**F**  
Then you can save someone else  
**C**  
But you must first love yourself  
**F**  
Then you can love someone else  
**B**  
If you can change someone else  
**F**  
Then you have saved someone else  
**C**  
But you must first

3. Hey you  
There are on the fence  
You got a choice  
One day it will make sense  
Hey you  
First love yourself  
Or if you can't  
Try to love someone else

R1: Keep it together  
We'll make it alright...

R2: First love yourself...
