

Get Back In Line

Madrugada

This is your light
This is the way it was supposed to be
Free[...] in flight
Come, anyone, take a dance with me

If you're beaten, come on
You're not alone, you're not the only one
Step out of that cage that you made for yourself
You do what you do and then it's done

Back in your room
There's one face, yeah only one
One path and one mate
These other people they just got to wait

This is your time
This is the time when you're supposed to be
Out of line and out of time
Ungroovy and unkind

Don't walk the line
Release your mind and seize your time x2
Keep it for fun, right into your heart
Get back, get back in line
I said: get back, get back in line

This thing passin', it's only time
You think it matters, but it's only time
You must be sure, you must've known
Way back, it keeps passin'
It's crossing your track

Get back
Get back in line
I said: get back
Get me back
Ah, get back
Get back in line
I said: get back
Get back in line
