

Ready

Madrugada

(Alright)

Sliding up slowly, now moving in for the kick down
Well, you kicked me around, but you never really got to my bone
Caught you alone, but you'll never stand where I stand
It's not like every green of sand is a piece of your stone
Oh, push up kid, push up

This is gonna be hard on you, none the less it's true
This has nothing to do with you
Now I'm ready
Now I'm ready
Now I'm ready to go anywhere
Now I'm ready
Now I'm ready
Now I'm ready to go anywhere
Oh yeah, oh
Yeah
Yeah

Sliding up slowly, now moving in for the kick down
Now criticize what you clearly do not understand
God, you're alone, but you clearly will never win
Well the people should step down and into the hole that you're
in
We stand
Push over this
Push up

This is gonna be hard on you, none the less it's true
This has nothing to do with you
Now I'm ready
Now I'm ready
Now I'm ready to go anywhere
Now I'm ready
Now I'm ready
Now I'm ready to go anywhere
Now I'm ready
Now I'm ready
Now I'm ready to go anywhere
Now I'm ready
Now I'm ready
Now I'm ready to go anywhere
Oh, yeah, oh
Yeah
