

## Seven Seconds

Madrugada

Did you get this far  
Did you get this far, just to hurt me  
Did you get this far, to realize that you dont, you don't deserve me  
I know you, in to this and out of that in seven seconds flat  
Need you to move me  
Need not point it out  
Need no sayin exactly that

Exactly where was the line  
It cant be that far behind  
I dont remember weve been stepping over it

If I sold out to the underway  
Than its really hard to say  
And anyway I got nothing to show for it

I know you  
In to this and out of that in seven seconds flat  
Whatever you do  
You take it to the to point where it's me  
Not you, and you really did not attack

Whatever you do, youve got to cut it out quick  
If this is some kind of trick  
Ive got no way to see you trough it, no

Yeah whatever you do, youve got to cut it out quick  
If this is some kind of trick,  
Ive got no way to see you through it

I know you  
In to this and out of that in seven seconds flat  
Ah got on the road  
Need not spell it out  
Need not saying exactly that

Ah yeah, yeah, yeah  
Ah
