

# Strange Colour Blue

Madrugada

Blue  
Strange colour blue  
Sixteen tons on the moon  
Blue  
Strange colour blue  
Coming back to you  
Pushing through  
Pouring rain  
Nearly there  
Nearly there  
Oh blue

Blue  
Strange colour blue  
Sixteen tons on the moon  
Hey little mister driver man  
Keep your head up  
We are nearly there  
I am racing  
Outside and below myself  
Nearly forgot myself there  
Nearly there  
Yeah

Oh everybody's sleeping now  
An industrial silence singing  
And the rain will keep hammering down from over head  
Now there's a blue, blue strange colour blue  
Let me dream of me and you  
Oh how the rain keeps hammering down  
Pour

Oh running down the window  
Like a vein on my arm  
Oh running down the window  
Like a vein on my arm  
Yeah

This is how we do it  
This is how we do it  
This is how we do it  
Nearly there

Oh blue  
Strange colour, a colour blue  
Yeah, a colour blue  
Oh, blue blue blue yeah  
Strange colour, colour blue  
Yeah, a colour blue  
Oh blue blue blue yeah  
Strange colour, a colour blue  
Oh a colour blue

Hey little mister driver man  
Keep your head up  
We are nearly there  
Nearly there
