"these are my last words, their treasonous hands  
Have us all under siege, now do you understand? "  
Gossens ministers - all at hand  
Will take up final stations  
As the coup hunts a single man  
No offer of exile did he take in his last trial...

Covert action - santiago  
The u.s. denies it but the president knows  
Broken fathers, strut of the guard  
See cruel opportunists where the losers die hard

Seeking refuge from this "land of fire".

Allende supporters are gathered  
Estadium nacional  
They disappear, ask them how the tortured shall  
Dispatch a message to loved ones now  
Their photographs worn by survivors  
Estadium nacional  
A swede is the only trace of redeemed grace  
As edelstam prepares a place  
Of asylum but without "sanction".

Fleeing persecution - visas feigning new  
Identities  
So they wait there at the embassies...

Labor takes a fall (impending ascension)  
The white house seems appalled at the disgrace  
They toast a secret cheer in executive session  
And keep it going strong (wear a gameface)  
Hunter hawked dive (impending ascension)  
Superiors decide it's a rat race  
It's all about control (impending ascension)  
See nixon take a hold from his powerful place.

How much terror for five thousand?  
How many others suffer on the outside of this stadium?  
Is there no end?

These are my last words-treasonous hands  
Have us all under siege, now do you understand?  
Hear my last broadcast-mic in hand  
Workers rise up-bear arms-the coup rapes it's own homeland  
Hold on to your memories ("disappeared families")  
What justice befalls our enemies?

Allende supporters are gathered-estadium nacional  
They disappear, ask them how the tortured shall  
Dispatch a message to loved ones now  
Their photographs worn by survivors-estadium nacional  
We pray just to turn the page upon this stage  
Of human suffering-a world enraged  
Now there must be a new resistance!

Cardinal commission, extraordinary will/solidarity no wish to kill

Am I dreaming? how can all of this be real? will I wake to see  
These horrors still?
