

Change the Whole Thing

Maggie Rose

Every day, seems like you wake up in the morning
A little bit further from where you wanna be
You're losing faith, say what's the point of tryin'
When you're running out of time
And you're in this deep

Well I ain't tryna tell you what to do
Lord knows I got a lot to learn myself
But it's getting harder watching you
Putting that heart of yours through hell
The world wasn't broken in a day
And it ain't gotta stay this way forever
But you ain't gotta change the whole damn thing
You just gotta leave it a little better
You ain't gotta change the whole thing
You just gotta leave it a little better

It's a tough thing to face
Change can take a little longer
But if you really want it it's worth the wait
And it's okay, 'cause even if you never see it
Doesn't mean you can't be it, either way

But I ain't tryna tell you what to do
Lord knows I got a lot to learn myself
But it's getting harder watching you
Putting that heart of yours through hell
The world wasn't broken in a day
And it ain't gotta stay this way forever
But you ain't gotta change the whole damn thing
You just gotta leave it a little better
You ain't gotta change the whole thing
You just gotta leave it a little better

Just a little, just a little, just a little
Just a little bit

Mmh, just a little, just a little, just a little
Just a little bit (Just a little, just a little bit)
Just a little, just a little, just a little
Just a little bit (Just a little, just a little bit)

Goes a long way
And all it takes
Is just a little, just a little, just a little
Just a little bit

I ain't tryna tell you what to do
Lord knows I got a lot to learn myself
But it's getting harder watching you
Putting that heart of yours through hell
The world wasn't broken in a day
And it ain't gotta stay this way forever
But you ain't gotta change the whole damn thing
You just gotta leave it a little better
You ain't gotta change the whole thing
You just gotta leave it a little better

You ain't gotta change the whole thing
You just gotta leave it a little better
You ain't gotta change the whole thing
You just gotta leave it a little better

Just a little, just a little, just a little
Just a little bit (Just a little, just a little bit)
Just a little, just a little, just a little
Just a little bit (Just a little, just a little bit)
Just a little, just a little, just a little
Just a little bit (Just a little, just a little bit)
Just a little, just a little, just a little
Just a little bit (Just a little, just a little bit)
