

Do Right by My Love

Maggie Rose

You gotta get up if you wanna get down
Better listen before you stand up and shout
If you wanna know I can let it all out
Baby just do right do right
Do right by my love

Ooh, who we are, it's a thing of beauty
But we've seen some ugly on the way
No it ain't never gonna come that easy
Gotta keep working for it every day

So Hold on (Hold on)
Stay strong (Stay strong)
Keep moving along
Before it's gone gone gone

You gotta get up if you wanna get down
Better listen before you stand up and shout
If you wanna know I can let it all out
Baby just do right do right
Do right by my love

What's so wrong with a little bit of maintenance
Give a little more take a little less
With some faith and a whole lotta patience
Say it loud, get it off your chest

And hold on (Hold on)
Stay strong (Stay strong)

Keep moving along
Before it's gone gone gone

You gotta get up if you wanna get down
Better listen Before you stand up and shout
If you wanna know I can let it all out
Baby just do right do right
Do right by my love

It's all we'll ever need If we're gonna rise above
It's love

You gotta get up if you wanna get down
Better listen before you stand up and shout
If you wanna know I can let it all out
You gotta get up if you wanna get down
Better listen before you stand up and shout
If you wanna know I can let it all out
Baby just do right do right
Do right by my love

Doo Doo Doo Doo Doo
(My Love)
Doo Doo Doo Doo Doo
(My Love)
Doo Doo Doo Doo Doo
(Oh Yeah)

Doo Doo Doo Doo Doo
Doo Doo Doo Doo Doo
(My love)
Doo Doo Doo Doo Doo
(Baby just do right by my love)
