

I'm Yours

Maggie Rose

You got me shakin' like the leaves up in the trees
Blow me away even when we shoot the breeze
You're so cool, you're so damn cool with it
You crash into me like the waves of the ocean
The way you do me you just set my heart in motion
You're so cool, you're so damn cool with it

You got me, 'cause you get me, I'm yours
Yeah ya got me, 'cause you get me, I'm yours

You sent me soarin' like the birds up in the sky
Even when you cut me down you're so fly
You're so cool, you're so damn cool with it

You got me, 'cause you get me, I'm yours
Yeah ya got me, 'cause you get me, I'm yours

Yeah ya got me, 'cause you get me, get me
Yeah, I'm yours

The way you love me is
All that I need, yeah
Set my soul free with the
Way you love me

And now we're pickin' up some good vibrations
Swingin' to the music of mother nature
You're so cool, you're so damn cool with it

You got me, 'cause you get me, I'm yours
Yeah ya got me, 'cause you get me, I'm yours
Yeah ya got me, 'cause you get me, 'cause you get me
Get me, yeah, I'm yours
I'm yours

The way you love me
Is all that I need
You set my soul free
The way you love me
