

Lazy Love

Maggie Rose

Baby I love when your love turns hours into days
I love where your love takes me where we stay
In this room, in these four walls
No big plans, no phone calls
Just enough peace and quiet
To have a little bedroom riot

There's nothin' I'd rather do
Than do nothin' with you
Nothin' with you, baby, baby
Nothin' I'd rather do
Than do nothin' with you
Nothin' with you, baby, baby

Kiss me till it's hazy love
Slow me down and save me, love
You know we both work hard enough
So lay with me in this lazy love
Lazy love, love

Let's make an ocean
Out of Egyptian cotton sheets
Rock me in slow motion
You know you're better than the beach
We'll take a trip up the stairs
Get a mile high With no airfare
Just enough peace and quiet
To have a little bedroom riot

Nothin' I'd rather do
Than do nothin' with you
Nothin' with you, baby, baby
Nothin' I'd rather do
Than do nothin' with you
Nothin' with you, baby, baby

Kiss me till it's hazy love
Slow me down and save me, love
You know we both work hard enough
So lay with me in this lazy love
Lazy love, love

Hold me like we're on vacation
Your body is my destination
And I'll use my imagination
If you hold me like we're on vacation

Nothin' I'd rather do
Than do nothin' with you
Nothin' with you, baby, baby
Nothin' I'd rather do
Than do nothin' with you
Nothin' with you, baby, baby

Kiss me till it's hazy love
Slow me down and save me, love
You know we both work hard enough

So lay with me in this lazy love
Lazy love, love

Nothin' I'd rather do
Than do nothin' with you
Nothin' with you, baby, baby
Nothin' I'd rather do
Than do nothin' with you
Nothin' with you, baby, baby

Nothin' I'd rather do
Than do nothin' with you
Nothin' with you, baby, baby
Nothin' I'd rather do
Than do nothin' with you
Nothin' with you, baby, baby
