

Smooth

Maggie Rose

Tell me what you want to do
I see you looking at me trying to make a move
Tell me what you gonna say
No need to be shy
And no need to look away
I like my guy rough around the edges
But at the end of the day
Baby you better be smooth, smooth

Give me some inspiration
I can be your reputation

Well, your momma sure did raise you right
But we ain't talking 'bout your momma tonight

Tell me what is your name
You're not the kind to waste time on silly games
Baby show me (show me) the cards in your hand
I'll show you what it's like to feel like a real man

Give me some inspiration
I can be your reputation

Now I don't want you on your best behavior
We gotta do what's in our human nature
But at the end of the day, baby you better be smooth, smooth, smooth

Give me some inspiration
I can be your reputation

Well, your momma sure did raise you right
But we ain't talking 'bout your momma tonight

Tell me
Come on baby show me

Why don't you tell me baby
Tell me baby

Come on and show me baby
Show me baby

Show me baby
