

# What Are We Fighting For

Maggie Rose

What are we fighting for  
Don't even know anymore  
Baby, aren't you worried  
We're caught in the fury  
What are we fighting for

How did we lose our way  
Baby, I still keep the faith  
Used to share everything  
Now we don't know where to begin  
How did we lose our way

I know I don't know everything  
But you'll never know what I can bring  
To the table, if you don't have a seat with me

Honey, won't you hear me out  
When did it get so loud  
If you don't understand  
Just keep holding my hand  
Honey, won't you hear me out

I know I don't know everything  
But you'll never know what I can bring  
To the table, if you don't have a seat with me

I know I don't know everything  
But you'll never know what I can bring  
To the table, if you don't have a seat with me

And I'm hoping down the line  
With a little grace and a little time  
We can stop keeping score  
That's worth fighting for

What are we fighting for  
What are we fighting for  
What are we fighting for  
What are we fighting for  
...
