

What Makes You Tick

Maggie Rose

What's the clock on the wall say
Do you know what time it is
Is your heart in the right place
Can your soul catch the rhythm of this
You should turn up the dial stay awhile, and you might find
What makes you tick

Soon as the dawn breaks
You got your next move on your mind
Know why your body aches
But you feel like you're running behind
Well turn up the dial stay awhile, and you might find
What makes you tick

That hustle and bustle been lost in the shuffle
For too long
When you live in a hurry you don't have to worry
What's going on
Cut the power live in the now
Get off the grid flip the switch
Turn up the dial stay awhile, and you might find
What makes you tick

Open your mind up
Let the sun, let the sunshine come on in
You got your eyes shut
You're just living what's been written

That hustle and bustle been lost in the shuffle
So get out
When you live in a hurry you don't have to worry
What's going down
Look around at the colors and sounds
It's a big ole world surrounding you
Cut the power live in the now
Love the one who's next to you
Get off the grid slip the switch ain't no better time
Turn up the dial stay awhile, and you might find
What makes you tick

What makes you tick
What makes you
What makes you
What makes you
What makes you
What makes you
What makes you tick
