

Nightingale

Magic Dirt

I'm well and
You're safe
Even though its just a lie
You Think

You're mad
Anger, its your fad
Just you wait 'till you see under my skin
Super cut and Super mad

You took all the love I had
Nightingale
To the man who's pale
Nightingale

Watch their
Behavior
It only
Gets better

Well just you wait till they fall apart again
Super lost and faraway
I was here for just one day
Nightingale

To the man who's pale
