

Rise from the Ashes, Demon

Magic Kingdom

He was hiding, asleep for so many yaers
Incantations, woodoo chants will wake up his soul

With the force of a million bombs
He will turn everyone in stone
He will spill out his blood to flame
Rise from the ashes, demon rise
With the power of a billion swords
The eruption destroys the hill
Burning lava is falling down
Rise from the ashes, demon rise
Oh Oh Oh - Rise from the ashes

Wild and hungry, he spits out the bowels of hell
Relentless fate, one day the tribe will pay the price

With the force of a million bombs
He will turn everyone in stone
He will spill out his blood to flame
Rise from the ashes, demon rise
With the power of a billion swords
The eruption destroys the hill
Burning lava is falling down
Rise from the ashes, demon rise
Oh Oh Oh - Rise from the ashes

Oh Oh Oh
With the force of a million bombs
He will turn everyone in stone
He will spill out his blood to flame
Rise from the ashes, demon rise
With the power of a billion swords
The eruption destroys the hill
Burning lava is falling down
Rise from the ashes, demon rise
Oh Oh Oh - Rise from the ashes
