

# Unleash the Dragon

Magic Kingdom

Dragon, Dragon, Dragon,  
Unleash the Dragon

Legends of a distant land  
His roar echoes in our mind  
Never give in, never give up your dreams  
Make your own rules and never follow evil  
Don't ever look back, your vision will be fulfilled  
Enlighten your life, embrace the breath of fire  
Deus aut Bestia, Ignis Dei

Unleash the dragon,  
life must be passion  
Forget the past, look for the light of new horizons,  
Unleash the dragon  
Dragon, Dragon, Dragon,  
Unleash the dragon !

We'll brave the fury of our time  
To tame the shadows of the past  
Jump into the void, don't let regrets invade  
Your heart and soul, now it's time to be free  
High in the sky, we ride this winged beast  
Feed the fire, together we are one  
Deus aut Bestia, Ignis Dei

Unleash the dragon,  
life must be passion  
Forget the past, look for the light of new horizons,  
Unleash the dragon  
Dragon, Dragon, Dragon,  
Unleash the dragon !
