## **Butterflies are Blue**

Magneta Lane

Change Always is so nice Didn't even notice Just as long as I was right

Hearts Though they sometimes care Our minds remain the rebels And the dream was never there

Save myself again Save myself again Oh I save myself again Oh yes I save myself again Yah

Time Handles everything Waiting is a talent At the end it all begins

Our hearts Though they sometimes care My mind remained the rebel And the love was never there

Save myself again Save myself again Oh I save myself again Oh yes I save myself again Save myself again Oh I save myself again Oh yes I save myself again Yes I save myself again
