

Man

Magnum

Hey!
How have you been?
The human race
Waltzing in mourning
Hey!
What did you hear?
It's a disgrace
We keep ignoring

Man will take the treasure
Innocence is lost
Thinking he's so clever
Lines have been crossed
Man won't live forever
Shadows on the wall
Can't get it together
Sacrifice all

Yeah!
There's no excuse
All children know
They know what's coming
So!
Heavy black sun
Nothing will grow
Rivers stop running

Man will take the treasure
Innocence is lost
Thinking he's so clever
Lines have been crossed
Man won't live forever
Shadows on the wall
Can't get it together
Sacrifice all

Words won't kill you
They might hurt
Words won't kill you
Tears in dirt

Man will take the treasure
Innocence is lost
Thinking he's so clever
Lines have been crossed
Man won't live forever
Shadows on the wall
Can't get it together
Sacrifice all
