

# Not Forgiven

Magnum

No going back  
That ship has sailed  
Your poison words  
Have been impaled

My blood runs cold  
I shed no tears  
That story's old

Your misery  
Part of your life  
Your sorrow burns  
Just out of sight

My blood runs cold  
I shed no tears  
That story's old

Not forgiven  
You wear the face of a liar  
Not forgiven  
You stand too close to the fire  
Words are empty  
To the money you're drawn  
Not forgiven  
You'll get lost in the storm

Your painted face  
Fell off the edge  
Forgot the facts  
Or so he says

My blood runs cold  
I shed no tears  
That story's old

Not forgiven  
You wear the face of a liar  
Not forgiven  
You stand too close to the fire  
Words are empty  
To the money you're drawn  
Not forgiven  
You'll get lost in the storm

No more pretending  
Falling under your spell  
Your life consumed in  
Your dark hotel  
Don't have a key there  
I said farewell  
Locked all your rooms in  
Your citadel

Forgiven, forgiven, forgiven, forgiven  
Forgiven, forgiven, forgiven, forgiven  
Forgiven, forgiven, forgiven, forgiven

Forgiven, forgiven, forgiven, forgiven  
Forgiven, forgiven, forgiven, forgiven  
Forgiven, forgiven, forgiven, forgiven  
Forgiven, forgiven, forgiven, forgiven

Not forgiven  
You wear the face of a liar  
Not forgiven  
You stand too close to the fire  
Words are empty  
To the money you're drawn  
Not forgiven  
You'll get lost in the storm

Not forgiven  
You wear the face of a liar  
Not forgiven  
You stand too close to the fire  
Words are empty  
To the money you're drawn  
Not forgiven  
You'll get lost in the storm
