

See How They Fall

Magnum

I lay upon my bed
Not knowing day from night
Hanging from just a thread
Nothing had come to light
Well, I'm trying hard not to think
And won't let it take me
Yeah, I'm trying hard not to blink
I won't let it break me

Darkness falls
Fate takes a hand
Diamond skies blind me
Voices call
Just make a stand
Someone cries behind me

Yeah, tear down your walls
Stop talking
Oh, see how they fall
Keep walking

Wake me if I'm asleep
Leave me if it's still dawn
Save me if I'm too deep
Cool me if I'm too warm
Well, I think I'm losing the game
But I'll go down fighting
When I can't remember my name
And can't read my writing

Darkness falls
Fate takes a hand
Diamond skies blind me
Voices call
Just make a stand
Someone cries behind me

Yeah, tear down your walls
Stop talking
Oh, see how they fall
Keep walking

Yeah, tear down your walls
Stop talking
Oh, see how they fall
Keep walking

Yeah, tear down your walls
Stop talking
Oh, see how they fall
Keep walking
