

Show Me Your Hands

Magnum

When I was younger
And people told me
You're just a number
That's all you will be

Now I see
It sort of stuck in my head
It fooled me

Hard to know
Everything that they had said
A zero

Now I can see right through the pain
No need to explain

Show me your hands
Let's get it on tonight
Show me your hands
Come to shine bright

Show me your hands
How does it feel tonight?
Show me your hands
Turn on your light

It's been a long time
Where did I get to?
Seems like a lifetime
Can overwhelm you

Can you tell
Can you remember a time
A farewell?

On the way
Acting like you were quite blind
To give way

Rain, rain on the game they all played
Don't join their parade

Show me your hands
Let's get it on tonight
Show me your hands
Come to shine bright

Show me your hands
How does it feel tonight?
Show me your hands
Turn on your light

Some just talk of things they'd like to
Tell you they've done but it's untrue

Show me your hands
Let's get it on tonight

Show me your hands
Come to shine bright

Show me your hands
How does it feel tonight?
Show me your hands
Turn on your light

Show me your hands
Let's get it on tonight
Show me your hands
Come to shine bright

Show me your hands
How does it feel tonight?
Show me your hands
Turn on your light
