

Spin Like a Wheel

Magnum

Dm **C**
1. Spin like a wheel, I fall down to my knees
Dm **B**
Don't you know how bad that feels
Am **B**
It hurts when you're in need
Dm **C**
Never forget, never regret
Dm **C**
I don't know where to go
Dm **B**
And I could run through the rain
Am **B**
But there's one thing I know
Dm **C**
Never forget, never regret

B **Am** **B** **C**
R1: Now tell me if you can just how it all began
Dm **B**
Unfamiliar you came
F **C**
And there was no guarantee
Dm **B** **C**
Couldn't look past your face into your eyes
Dm **B**
I got hurt by the pain
F **C**
Oh you wouldn't disagree
Dm **B** **C**
In a fatal embrace I would despise
F **C**
Now I know it was only a dream
Dm **C**
No, it never could last
Dm **B** **C**
It ran by so fast

Dm B Am Dm Dm B Am Am (4x)

Dm
2. Where are you now?
C
In dreams why do you weep?
Dm **B**
Your tears, they never show
Am **B**
Because they're yours to keep
Dm **C**
So never forget, no, never regret

R2: Now tell me if you can what's the price of any man
Cause I'm missing you still
Like an unfinished symphony
Don't know how it will end, surely in tears
I'm not feeling the thrill
But thanks for the memory

It's a thing we can't mend, that's become clear
Now I know it was only a dream
No, it never could last
It ran by so fast
