

Erase Me

Make Them Suffer

Erase me

Let it break, let it break, let it break
No need to plan your escape
So goodbye, get out tonight
No need for alibis
Break away, break away, break away
So here's to all our mistakes
Euthanise what's you and I
Smother us with cyanide

If I said that I'm sorry
You could call me insincere

But you're waiting
Patiently for something worth saving
(I've broken you enough so don't hate me)
But you're waiting
Patiently for something worth saving
Erase me

Let it break, let it break, let it break
Waste away waiting for change
Love denied. Dead inside
No need for compromise
Break away, break away, break away
No need to plan your escape
Get out tonight and save some pride
Get back in touch when the pain subsides

When the pain subsides

But you're waiting
Patiently for something worth saving
(I've broken you enough so don't hate me)
But you're waiting
Patiently for something worth saving
Erase me

Why would you save me?
I'm not worth saving
You're suffocating
So just erase me
Annihilate me
Assassinate me
I'm not worth saving
So just erase me

Why would you save me?
I'm not worth saving
You're suffocating
So just erase me
Why would you save me?
I'm not worth saving
You're suffocating
So just erase me
