

## Instinct Evolved

### Malevolent Creation

Instinct is trapped  
Impulse evolved  
Basics of life  
Death now revolves

Innocence beyond the realms  
Of a reasonable doubt  
My justice defiled  
Blood let your soul out  
Try to cage my flesh  
Hold my mind, break my soul  
Fires fed with death  
Fuck your mind, fuck your soul

Instinct is trapped  
Impulse evolved  
Basics of life  
Death now revolves

Instinct is trapped  
Impulse evolved  
Basics of life  
Death now revolves

Fake your life, wage your wars  
Give this night, that soul you whore

Spill the challenge of blood  
Skein upon my hands  
Whether it be a world  
Or me just one man  
Do you realize  
The action of your sums  
Unleash the poisons of war  
Feel the powers of one

Instinct is trapped  
Impulse evolved  
Basics of live  
Death now revolves
