Mali Music

I'm moving Forward
Just one word
Forward
It ain't about my past
It's about my future
Forget those things behind me
Pressing towards those things before me
Forward
Forward

Look at me
I'm free
Can't you see
I'm sin free
And I don't care
What you think you know about me
What you saw me do or say
Or where I was yesterday
All I know is
Today The Lord took me in
And He washed me
He cleansed me in His precious Blood
Made me whole and showed me love
I never felt nothing like it
Yes, He's my God and I like it
He keeps my soul safe from danger
Closer than a friend
No, He's not a stranger
I'm not the same anymore
Never looking back with God
I'll be moving

I'm moving Forward
Just one word
Forward
It's now about my past
It's about my future
Forget those things behind me
Pressing towards those things before me
Forward
Forward

True we do all fall short
But with God I don't expect to anymore
Because greater is He that is within me
Than He that's is in the world
I ain't got time to be thinking bout what I did
Or where would I be
If I didn't do this
Cause God is still God
And He's good to me
And I ain't got no time to worry
I should have been dead
Sleeping in my grave
But You said No!
Ole death
Behave

You came into my life
And picked me up
My head you raised
You didn't give up on me
And today I can say I'm saved
I just can't go back now
I'll follow You Lord
And I'm moving
