

No Muzick

Mali Music

Do you remember the way we used to praise
when would shout a loud
lift our voices and sing
whether the musicians were there or not we praised the Lord
with everything we got we would find ways to praise
like stumping our feet
lifting our voice
and clapping our hands

And they used to say:
We don't need no muzick
we don't need no muzick
we don't need no muzick
we don't need no muzick

Lift your voices
all ye people
don't be ashamed this is not a sho
wall spectators are rebuked in Jesus' Name
I don't hear the piano
organ or the acoustic
can't even hear the drums
"What's This..?"
This is the original Muzick
In the ol' school days when they would sing and wave
clap clap clap clappin their hands

And they always used to say:
We don't need no muzick
we don't need no muzick
we don't need no muzick
we don't need no muzick

He's still Good
with muzick or not He's Still Good God Is Good
He's Still Good... He's Good He's Good So Good to me He's Still G
ood He's Good God is Good so
We don't need no muzick.
