

Black Rain

Malrun

??faceless one,
You've been the.??
The pearl harbors our soul,
will take away the drowned in the sea.

Cross the world, in cold black rain.
Cursed by the Kings and pawns.
Never doubt yourself, or your faith.
Bury all the sinners in the darkness,
of our rain.

??the king of sorrow, sorrow.

Through the field, of punished men.
The fire burns in everyone's eyes.
The innocent scream in pain,
and cry out the.??

Cross the world, in cold black rain.
Cursed by the kings and pawns.
Never doubt yourself, or your faith.
Bury all the sinners in the darkness,
of our rain.
