

Mister Jung Stuffed

Man Man

Been locked down way too long
I've been locked down way too long
Been locked down way too long
I've been locked down way too long

Been locked down way too long
I've been locked down way too long
Been locked down way too long
I've been locked down way too long

Take me in your boat
To those fiery shores
I don't want to love
Anymore

Up she goes, down she goes
Up she goes, down she goes
Up she goes, down she goes
Up she goes, down she goes

Oh no, this man
Crawls into my skin
When I'm this man
Don't never see the way

I want to crawl
All up into your skin
And on my own
Throw it to the wind

Take me in your arms
Out of harms way
I don't want to love
Anymore

Lay me on the shores
Of the fiery shores
I don't want to love
Anymore
