

Werewolf (On The Hood Of Yer Heartbreak)

Man Man

You're a diamond in the rough, baby.
A werewolf on the hood of yer heartbreak.
You're a diamond in the rough, baby.
A werewolf on the prowl, come and save me.

Sights are set ahead on mystic waters.
Your thoughts are on a love you can't remember.
Let's put a lead into cold distant weather
And when those bitter winds blow through we'll huddle together

You're a diamond in the rough baby.
A werewolf on the hood of yer heartbreak.
You're a diamond in the rough baby.
A werewolf on the prowl, come and save me.
