

## Organized Insanity

Man Must Die

I am your destroyer  
Crucify the wretched fucking swine  
I am the hate installer  
Turn and face the face of the enemy  
Have we gone blind?  
Now slaves to the grind  
Breeding mass genocide  
Nowhere to hide  
Our system is flawed  
Corrupting our purest thoughts  
Leading astray  
A life style born of pain  
I am your destroyer  
Crucify the wretched fucking swine  
I am the hate installer  
Turn and face the face  
Of destroyer  
Fear beyond fear the siren bursts my ears  
War, but whose war?  
I don't care anymore  
It's a vicious game of life and death  
Of life and death  
Hunting, killing  
Nowhere to hide  
It's your time  
Freedom  
A fucking joke  
Freedom  
False words they spoke  
Freedom  
There's no such feeling  
Organized insanity  
Sending children to mass graves  
Where we going to be when the shit falls through?  
Stupid motherfucker we can see right through you  
Always thinking you're a step above  
I could kill you and I wouldn't give a fuck  
I don't give a fuck  
It's a vicious game of life and death  
Of life and death  
Watch as I take life away  
This is the end for you, me and everybody else
