

Did I really have to see you
Did I really have to see you go
Kamo naku fuka mo nai ashita ga bokura wo warau
Do you really have to be there
Do you really have to
Don't you know

Ate no nai tabi no arasuji wo
Sou yomi tobashite susumu

Come and see me when it's over
They will never capture you and me
Kakenukete woh oh oh oh
May us find the path for what we need
There you go like a shooting star
Boshi ni naru no sa itsuka wa
They will never capture you and me
And again we follow

Did you really have to linger
Did you really have to linger on
Ka mo naku fuka mo nai kotae bakari kasabaru
Do we really have to be here
Do we really have to
We don't know

Ate no nai tabi ni yuku nodato
Sou iihanatta kimi wa doko ni
Come and see me when it's over

They will never capture you and me
Kakenukete woh oh oh oh
May us find the path for what we need
There you go like a shooting star
Boshi ni naru no sa itsuka wa
They will never capture us
And so we choose to follow on

'Cuz they will never capture you and me
Kakenukete woh oh oh oh
May us find the path for what we need
And again we follow

They will never capture you and me
Kakenukete woh oh oh oh oh
And I believe
This is the truth I carry on

They will never capture you and me
And again we follow
There you go like a shooting star
Boshi ni naru no sa itsuno hi ka
