

Steppin' Out

Manafest

I'm stepping out with a style like a face lift
To all the haters out there you got to change it
It's not OK, with me NO, it's not OK get on board
Who doesn't like a brand new pair of shoes?
Just got it cut showing off the hair due
I've been here once before
I've been there now no more
This is more than a fashion statement
This is me living out my patience
Pick out from a choice of favorites
What jeans, what shirt, holla mayhem
Amen to the man that made it
I'm a rock it on the stage when I'm playing
I'm fresh to step with the good looks got the hood shook
Take a good look stepping with the good foot, OH!

So watch me turn it up loud
I'm taking over the town
I'm sticking out from the crowd
I'm stepping out there!
I got the craziest style
That you can see it for miles
So paparazzi go wild
I'm stepping out there, now!

Yo dude, check out this shirt here
That's dope man get it in the black ye
Dang man this one it don't fit
So hip, but I'll get it in white I guess
My girls gonna trip on it, gonna trip on it
When she sees my outfit I'm a so rock it
With the shoes, got to wear the shoes
Nomis hoodie in the white and blue
It's style, it's on it's me
It's now it's fresh it's free
So shocking, popping, locking
Heads nodding, rocking
I'm stepping out!

So watch me turn it up loud
I'm taking over the town
I'm sticking out from the crowd
I'm stepping out there!
I got the craziest style
That you can see it for miles
So paparazzi go wild
I'm stepping out there, now!

I'm stepping out there, NOW!
I'm stepping out there, NOW!
I'm stepping out there, NOW!

When I step in a room, I want all eyes gazed
All eye brows raised yeah he's got taste
Hey that's the guy with the crazy style
Stepping so fly dressed to stick out
Known to walk by head is held high

Not cocky, confident recognize
Clothes don't make me, but sure acquaint me
If ye feel me, come on and get crazy!
