

# Intentions

Manchester Orchestra

God is all of the time  
Red box, wood baptist sign tonight

Some local kid lit a fire  
They burned down everything inside

I won't leave intentions of me, me

God is watching tonight  
How long can you be knighted now?

Cause all the progress you made  
Won't end up meaning anything

I won't leave intentions of me  
I won't leave intentionally

It doesn't matter to me  
I tell myself repeatedly

What a nightmare it seemed  
To honestly think anything

I won't leave intentions of me  
I won't leave intentionally
