

Deep Love

Mandalay

Now I can trust you now
As I feel at ease
How lost in you should I be
Now I can see you clear
As the day begins
How lost in this should we be

Share and say you'll bring
To me deep love
You can't say that it's too soon to say how you feel
Share and say you'll bring
To me deep love
Just don't say that it's too soon to say how you feel

Now as I touch you here
As the day begins
How lost in this should I be

Share and say you'll bring
To me deep love
You can't say that it's too soon to say how you feel
Share and say you'll bring
To me deep love
Just don't say that it's too soon to say how you feel

Share and say you'll bring
To me deep love
You can't say that it's too soon to say how you feel
Share and say you'll bring
To me deep love
Just don't say that it's too soon to say how you feel
