

## Victorious

Mandisa

If You could send a burning bush to Moses  
Lead Your people home through a parted sea  
Give a boy the strength to defeat Goliath  
I know You will always take care of me

With You on my side, I am victorious  
With You on my side, I've got nothing to fear  
So I can walk through this valley with confidence  
Knowing You will deliver me

If You could raise the dead bones of Lazarus  
If You could feed five-  
thousand with a couple fish and a loaf of bread  
And in the middle of a stormy night You can walk on water  
I know, I know, I know nothing's out of Your hands

If You could pull me out of my sin  
And give me new life within  
And keep all Your promises  
And Your Word is true then  
I don't have to be afraid  
I know this is the day You made  
So no matter what comes my way

[Chorus]
