

# Love Is Just A Melody

Mango

When i turn out the light  
in the blue of night  
and the moon is sitting tight  
How my heart slips a beat  
and it feels so sweet  
and a tune and tapping feet

Love is just a melody  
oh i can throw away the key

When i turn out the light  
in the blue of night  
and the moon is sitting tight

Love is just a melody  
oh i can throw away the key  
love is just a melody  
oh i can throw away the key
