Dijon Shariff Thames is the name my momma gave me  
You'll see the side now, born Englewood baby  
A lotta y'all wouldn't be here to the game the same time  
DJ Quick Drop Quick is the name  
The year was 91 I don't remember much then  
But I was always with my auntie and my little cousin  
See my auntie was a blood  
My uncle was in jail  
My daddy wasn't there  
When my momma did hair  
So I spent most of my hours with her  
And would listen to that G shit when I was rehears  
Sugar Free Quick Snoop 40 Short Dre Pop  
(West coast legends I had to be one) Straight drop

You notice this man, the West LA rap  
Birthday gang, you should join my set  
Not a blood or a crip  
Just cockin' my grip  
And I put that on the gold herringbone on my neck  
1, 2, 3, 4 reppin' for fly niggas we all across the globe  
Not a blood or a crip  
Just cockin' my grip  
And I put that on the gold herringbone on my neck  
1, 2, 3, 4 Welcome to Mann's World  
Leave them suckers at the door  
Not a blood or a crip  
Just cockin' my grip  
And I put that on the gold herringbone on my neck

Yeah (yeah), Yump (yump), Yeah (yeah), West (west), Yeah (yeah), Yump (uh),  
Yeah (yeah)

Pick up the pen at 14  
Created real magic no mirrors or smoke screens  
I was too little to play on those teams  
There was a big difference from me and most teens  
Into adult things and I started becoming infatuated with money, women, and c  
lothing  
They said Mann you'll never make it not in yo dreams (what?)  
Now I'm on and they stuffin' LA with no cheese  
Shy lil pro see here to give you what you need  
I'm here for the long term  
You're stuck with me  
Oh no I ain't leavin' no time soon  
Man I just moved, new home is your iTunes
