

Mansun's Only Love Song

Mansun

If I start this small debate
The center of the universe is up for sale
If my melody should fall
The tune is unimportant as I said before
Or should I say it was the words, I should

Standing in gray lantern light
Mavis looking sexy through her dress, it shines
Hiding in the vestry she recites her lines
(And she says)

I can't see you, I love you, I miss you
I can't see you, I love you, I do

If I feel God watching me
I control the actions of his destiny
If my sentiments ring true
Feel him in the mirror laughing back at you
For me to tell you how it seems, I would

Standing in gray lantern light
(I would)
Mavis looking sexy through her dress, it shines
Hiding in the vestry she recites her lines
(And she says)

I can't see you, I love you, I miss you
I can't see you, I love you, I miss you
I can't see you, I love you, I do

If I start this small debate
The center of the universe is gone for sale
So my melody should fall
The tune is unimportant as I said before
Or should I say it was the words, I should

Standing in gray lantern light
(I should)
Mavis looking sexy through her dress, it shines
Hiding in the vestry she recites her lines
(And she says)

I can't see you, I love you, I miss you
I can't see you, I love you, I miss you
I can't see you, I love you, I do

I can't see you, I love you, I miss you
I can't see you, I love you, I miss you
I can't see you, I love you, I do
