

Things You Know Nothing About

Mapei

You always talk about things you know nothing about
Well I don't wanna hear it, you're just so damn loud
I know you're tryina deceive me, believe me, I know
This time, don't you ever come back around
You always talk about things you know nothing about
You always talk about things you know nothing about
I believe I was made to love
I believe I was made to love

Are you talking to me, what do you take me for?
You make me so sick, vomit spit, there's the door, no more
Are you talking to me, what do you take me for?
One thing that I thought from the beginning that I have to win
this war
I don't think you know, where I'm from
I'll take the stand I'll be a man I'll be a woman
It's so shadier, so nasty, how you're caught in the trap and th
at when you don't
You have me, no
They say you get what you deserve
I heard you learned your lessons, learned

You always talk about things you know nothing about
Well I don't wanna hear it, you're just so damn loud
I know you're tryina deceive me, believe me, I know
This time, don't you ever come back around
You always talk about things you know nothing about
You always talk about things you know nothing about
I believe I was made to love
I believe I was made to love
