

Supply

Marc E. Bassy

Wake up in my jewels
Caught up smoke for you out the room
If you never silent than you lose
You gon' got me hanging by her noose

Saying, yeah, yeah
Ooh, yeah
Saying, yeah, yeah
Ooh, yeah

I've been getting hot
I've been getting hot
On my own supply
On my own supply, babe
I've been getting hot
I've been getting hot
On my own supply
I've been getting, I've been getting hot
I don't tell no lies
I can read between the lines
(I've been getting, I've been getting hot)
I've been getting hot
I've been getting hot
On my own supply

(Oh... read between the lines)

Yeah, I'm thinking where I've lost
Drowning in the sauce
You're forty, out of freedom
Must that shit that got me up
Now I'm thinking up a bottle that's gon' help me wit' this

I've been getting hot
I've been getting hot
On my own supply
On my own supply, baby
I've been getting hot
I've been getting hot
On my own supply (oh, yeah)
I don't tell no lies
I can read between the lines
(I've been getting, I've been getting)
I've been getting hot
I've been getting hot
On my own supply

(I've been getting, I've been getting)

Saying, yeah, yeah
Ooh, yeah
Saying, yeah, yeah
Ooh, yeah
