

# Til I Get Found

Marc E. Bassy

If you love me, baby, cut me off  
Leave me high and dry  
That's my bridge across  
If you love me, baby, break me down  
Leave me lost and all alone  
Until I get found

24 karats of gold is  
How bright you shine  
Girl, you're the fairest  
That I'll ever find

And I let go all the roster just to lock you down  
But you won't let go of all them dudes for me  
And I got this lock and key but has your heart been found?  
You will never open up for me  
I told her

If you love me, baby, cut me off  
Leave me high and dry  
That's my bridge to cross  
If you love me, baby, break me down  
Leave me lost and all alone  
Until I get found  
'Til I get found

'Til I get found  
'Til I, 'til I, 'til I, 'til I, 'til I, 'til I  
'Til I get found  
'Til I, 'til I, 'til I, 'til I, 'til I, 'til I

You lay your head down across my chest  
Look up with innocent eyes and say  
"You know you love me the best"

And I'll let go all the roster just to lock you down  
But you won't let go of all them dudes for me  
And I got this lock and key but has your heart been found?  
You will never open up for me  
I told her

If you love me, baby, cut me off  
Leave me high and dry  
That's my bridge to cross  
If you love me, baby, break me down  
Leave me lost and all alone  
Until I get found  
'Til I get found

'Til I, 'til I, 'til I, 'til I, 'til I, 'til I  
'Til I, 'til I, 'til I, 'til I, 'til I, 'til I  
'Til I get found  
'Til I, 'til I, 'til I, 'til I, 'til I, 'til I  
'Til I, 'til I, 'til I, 'til I, 'til I, 'til I  
'Til I get found

If you love me, baby, cut me off

Leave me high and dry  
That's my bridge to cross  
If you love me, baby, break me down  
Leave me lost and all alone  
Until I get found  
'Til I get found

'Til I get found  
'Til I get found

If you love me, baby, cut me off  
Leave me high and dry  
That's my bridge to cross  
If you love me, baby, break me down  
Leave me lost and all alone  
Until I get found
