

## Sherry Fraser

## Marcy Playground

Oh I saw stars falling all  
around her head  
Red, gold, and blue  
Sherry Fraser where are you  
`Cause I saw stars falling all around your head  
When we were young  
Sherry Fraser where have you gone  
We're all wondering  
When will you come back  
And play...some day  
Sherry yeah  
The mad hatter he waits  
for Alice  
To come to tea again  
He waits forever for his  
old lover  
And always wonderin`  
Will I see stars falling all  
around your head  
When you return  
Sherry Fraser what have  
you learned  
And we're all wondering  
When will you come back  
And play...some day  
And please do come back  
And play...some day  
Please do come back  
And play...some day  
Sherry yeah
