

Soul Tattoo

Margaret Becker

Don't want nobody to save me
From this divine romance
Don't want nobody to wake me
From this mysterious trance
Don't make me drink black coffee sister
Don't make me splash my face
Because the love that I'm victim of
Is the kind of love you can never erase

CHORUS

It's like a soul tattoo
Like a soul tattoo
Love like this will never fade away
Like a soul tattoo

Don't want nobody to help me
Get my heart off my sleeve
Don't want nobody to tell me
That I am being naive
Don't make me put my coat on sister
Don't make me go in the house
Because the love that I'm victim of
Is the kind of love you can never keep out

repeat Chorus

You can rub your fingers raw
But you can never get the mark to come off
You can hope it will come to an end
But this love is forever and ever and ever
Amen

repeat Chorus
