

Lunatic, Lunatic, Lunatic

Margot & the Nuclear So and So's

Brothers and sisters
sometimes you feel like you cant succeed
and I'm here to tell you that you're probably right
but if you stay strong everything will be alright

Allison's got a crackpot mind
She tries to flex it all of the time
But it's of no use
She's clearly lost her screws
She bares her teeth and paints them green
She can be a drama queen
Shes got no needs she sleeps on trampolines

The boys all say she's just a fool
But I know that she's so much more
She's a lunatic, a lunatic, a lunatic

Allison's a parable
For the risks of being terrible
She's 4'2", and crazy as a loon
She hops the bar, she keeps it cool
She sheds her top in Marshall's pool.

The guys make eyes at the naked girl
Who's showin' off her tits in a co-ed pool
She's a lunatic, a lunatic, a lunatic
She's a lunatic, a lunatic, a lunatic
She's a lunatic, a lunatic, a lunatic

Someone save her from herself
Someone save her from herself
And get her home

Allison's got a crackpot mind
She tries to flex it all of the time
But it's of no use
She's clearly lost her screws

The boy's all say she sucked their dicks
She claims that she's a feminist
She's a lunatic, a lunatic, a lunatic
She's a lunatic, a lunatic, a lunatic
She's a lunatic, a lunatic, a lunatic
