

# Did I Do That?

**Mariah Carey**

I really hope  
When you hear this song  
That you're happy  
With someone new  
I found a love I can call my own  
And I owe it in part to you

Don't you know that you seem  
Just a little crazy  
You had my trust and intimacy  
But you threw it away just threw it away  
And now it's all in the past  
When I think of you  
I just laugh  
My friends must have thought  
I was high to have given so much  
To someone not worth my time

[CHORUS:]

Funny how sometimes  
You can really lose your mind  
And things you would never do

You rhapsodize  
And get caught up in the hype  
'Till your senses return to you  
Love plays you for a fool

You were so insecure  
And your crew was so immature  
Conversations, painfully weak  
You were much better off  
When you didn't speak  
But boy to tell you the truth  
It was my illusion of you  
Being somehow destined for me  
That had me in a daze  
But we're not the same in truth

[REPEAT CHORUS ]

I really hope when you hear this song  
That you know it was meant for you  
Though your attention span's not that long  
Try to do the best you can do!
