

no one knows

Marian Hill

I hold these moments in my mind
Keep thinking you won't do it right
Know I don't always let you in
But you keep trying

Pulling my heart out like you've got the key
I've never known it to be that easy

Below the surface, I get nervous
I just want to let you know
Things get weird then, disappear and
No one knows where we could go

And I don't wanna leave, no
But I don't wanna lead you on
We can take it day by day and
We can't know where this'll go

It's all good when you look like that
And I'm feeling myself
We don't have to look back, no
One day we won't look the same
When you look like that
Will I know your name?

It's all good when you look like that
And I'm feeling myself
We don't have to look back, no
One day we won't look the same
When you look like that
Will I know your name?

I play this horror in my mind
I've watched you leave so many times
Know you're not worried anymore
But I've been here before

I watched love crumble out from under me
I've been so bitter how are you so sweet?

Below the surface, I get nervous
I just want to let you know
Things get weird then, disappear and
No one knows where we could go

And I don't wanna leave, no
But I don't wanna lead you on
We can take it day by day and
We can't know where this'll go

It's all good when you look like that
And I'm feeling myself
We don't have to look back, no
One day we won't look the same
When you look like that
Will I know your name?

It's all good when you look like that
And I'm feeling myself
We don't have to look back, no
One day we won't look the same
When you look like that
Will I know your name?

Will I know your... Will I know your name?
(I hold these moments in my mind)
Will I know your... Will I know your name?
Will I know your... Will I know your name?
Will I know your... Will I know your name?

Below the surface, I get nervous
I just want to let you know
Things get weird then, disappear and
No one knows where we could go

And I don't wanna leave, no
But I don't wanna lead you on
We can take it day by day and
We can't know where this'll go

It's all good when you look like that
And I'm feeling myself
We don't have to look back, no
One day we won't look the same
When you look like that
Will I know your name?

It's all good when you look like that
And I'm feeling myself
We don't have to look back, no
One day we won't look the same
When you look like that
Will I know your name?
