

Warship My Wreck

Marilyn Manson

You're a paper doll
I fold you how I want
You're not my noose
I tied this knot
If this won't be
Our fingers locked together
This is total war
Method not objective

Cannot say, I'm breaking the rules
If I can glue em back together
Cannot say, I'm breaking the rules
If I can glue them back together
Cannot say, I'm breaking the rules
If I can glue them back together!
Back together!

Scars on my fingers, bruises on neck
Crashin' my trains, warship my wreck
Scars on my fingers, bruises my neck
Crashin' my trains, warship my wreck
Scars on my fingers, bruises my neck
Crashin' my trains, warship my wreck
warship my wreck!
warship my wreck!

Cut the hands off
Then kamikaze into your soul
Kamikaze into your soul...

Scars on my fingers, bruises my neck
Crashin' my trains, warship my wreck
Warship my Wreck!
Scars on my fingers, bruises my neck
Crashin' my trains, warship my wreck
Warship my wreck!
Scars on my fingers, bruises my neck
Crashin' my trains, warship my wreck
warship my wreck!

Scars on my fingers, bruises my neck
Crashin' my trains, warship my wreck

Cannot say, I'm breaking the rules
If I can glue em back together
Cannot say, I'm breaking the rules
If I can glue them back together
Cannot say, I'm breaking the rules
If I can glue them back together!
