

Get Me Out Of Here

Marion Raven

I am serious
I don't play around
This is your lucky day
I am dangerous

Don't wanna stay so I'll leave with you
Had a thought in my mind of a game for two
Do you know what I want, do you want it too
Tell me yeah yeah yeah yeah

Oh my god, get me out of here
Take me now, take me anywhere
Away from everyone I don't care
Oh my god get me out of here

I'm mysterious
Time is precious
What are you waiting for?
I'm dead serious

You don't have anything to lose
Understand what you got, and I'll let you choose
'Cause I know what you want and I want it too
Tell me yeah yeah yeah

Oh my god, get me out of here
Take me now take me anywhere
Away from all that I used to be
The same old story the same old me
