

Let's Talk About Our Love

Mark Chesnutt

Well, I don't wanna hear no more
About how he broke your heart
Relivin' your ol' memories is tearin' me apart
I'd just soon forget about the past
'Cause that's the one thing we can't change
Let's stop this useless conversation
That's just lovin' time we're wastin'
Losin' any more would be a shame.

Let's talk about you and me, let's talk about forever
How it's gonna be and how there'll never
Come a day when we give up on us
Let's talk about the way we feel
Whenever we're together
And how we never get enough
Let's talk about the good stuff
Let's talk about our love.

Now, we've been over everything he's ever done to you
It's time you figured out that we've got better things to do
I don't mean to sound like I don't care
Girl you know you're the one I love
You can tell me anything you want to
And everything you've ever been through
But when it comes to him I've heard enough.

Let's talk about you and me, let's talk about forever
How it's gonna be and how there'll never
Come a day when we give up on us
Let's talk about the way we feel
Whenever we're together
And how we never get enough
Let's talk about the good stuff
Let's talk about our love.

Let's talk about the way we feel
Whenever we're together
And how we never get enough
Let's talk about the good stuff
Let's talk about our love.

Let's talk about the good stuff
Let's talk about our love...
